## EDUCATION

2022 – present	<b>Computer Engineering, BME VIK Bsc</b>
Budapest, Hungary	
2021 – 2022	<b>Computer system and application operation technician, BMSZC Neumann János Informatikai Technikum</b>
Budapest, Hungary	
2017 – 2021	<b>Computer Science, BMSZC Neumann János Informatikai Technikum</b>
Budapest, Hungary	

## PROFESSIONAL EXPERIENCE

2024 – 2024	<b>RolandIT, intern</b>
Budapest, Hungary	I worked as an intern at the company during the summer, where we developed various websites based on client requests as part of a team. The main technology used in the project was the React framework, which allowed me to gain basic knowledge and practical experience with it.
2021 – 2022	<b>Webforyoukft, intern</b>
Budapest, Hungary	I worked at this company as an intern for a year. Its main profile was creating various websites based on client orders (e.g., Csepel.hu). They mostly used the Angular framework, so I had the opportunity to get familiar with it there.
2020	<b>Andormentor, hobby</b>
Budapest, Hungary	It was a stock market-based company that provided advice to those interested in trading. My friend and I had to create a simple website.
